Did you know these fun facts about Pinellas County, FL?

The Name Pinellas

Pinellas is derived from the Spanish words Punta Pinal meaning point of pines. It was an accurate description for this area when it was discovered by Panfilo de Narvaez in 1528, 36 years after Columbus arrived in the Caribbean and 37 years before the founding of the city of St. Augustine.

Birth of a County

Established January 1, 1912 after a local referendum passed calling for the separation from Hillsborough County. It became the state's 48th county.

Most Densely Populated County in Florida

There are 3,347 people per square mile in Pinellas County. The next closest county with a highly concentrated population is Broward with 1,445 people per square mile.

Hit the Beach

For swimming, boating, and fishing, you cannot beat Pinellas County's 35 miles of powdery white beaches and nearly 588 miles of coastline. And, with an average of 361 days of sunny weather each year, you can enjoy the surf, sun, and sand just about whenever you would like. Three of the top ten beaches in the nation are in Pinellas County (Fort De Soto Park which has won many awards, Clearwater Beach and Caladesi Island State Park).

Business Sense

Pinellas County's top key business sectors are health services, tourism services, manufacturing, and financial services. Over 40,000 businesses call Pinellas County home. Over 390,562 people are currently employed in our county, and our median household income is \$45,891.
